ENVIRONMENTAL DECLARATION

Chair RH ACTIV 1 Article nr. 2110

ENVIRONMENTAL POLICY

Environmental policy shown separately

SPECIFICATION OF MATERIALS

Material	Name	Weight, gr	%	Comment
Metal	Steel	5807	40%	
	Aluminium	2652	18%	Of which 70% is recycled material
	Zinc	1024	7%	
Plastic	PP (Polypropene)	3159	22%	Of which 30% is recycled material
	PA 6 (Polyamide)	260	2%	
	ABS (Acrylnitrile-butadiene-styrene)	135	1%	
	PU (Polyurethane)	40	0%	
	POM (Polyoximethylene)	62	0%	
Upholstery	Foam PUR (Polyurethane)	841	6%	
Covering	Fabric (polyester or wool/polyamide)	197	1%	
Finish	Powder lacquering	182	1%	
Total weight, gr		14359		
Packing	Corrugated cardboard	2615	15%	Made of 100% recycled material

EMISSION TO THE ENVIRONMENT

To the air: from heating installation
To the water: none
To the ground: none

HANDLING OF WASTE PRODUCTS FROM PRODUCTION

All waste products coming from manufacturing the chair are sorted and treated as follows:
Recycling of materials 67%
Energy extraction 28%
To refuse dump 4%
Environmentally hazardous waste products sent to destruction plant 1%

HANDLING OF CHAIR COMPONENTS

The chair is constructed so that all components easily can be separated for recycling or energy extraction. 90% of the components are recyclable, 10% goes to energy extraction.

CHEMICALS

The foam contains no CFC or HCFC.
Our standard fabrics do not contain any flame retardent chemicals.
