16-0057606 | KALIDRO DESK (WY/ZW), PARTITO SCREEN, WORKTOOLS, REPLY TASK CHAIR (AT11)

The essentials for an inspirational workday

Kalidro is an all-in-one workstation for the essential demands of today's office. It has the features you need to manage your tasks. It keeps your workspace – and your mind – completely clear to concentrate on what you need to do.

Kalidro is easy to set up thanks to intuitive features like height adjustment and smart cable management. That means it can be configured exactly to needs so users are comfortable and productive all day.

While Kalidro inspires your day at work, others will be inspired by Kalidro's good looks. Kalidro is beautiful to look at, with a simplicity of design that is pure elegance.

Multiple applications

Elegant and understated, Kalidro enables you to build a desk that works for your style as well as your activity, from individual to team work.

ON YOUR OWN

Kalidro's accessories and adjustable height settings make it the perfect individual workstation. It takes a matter of moments to select the setup that's most comfortable and convenient for your work style.

16-0058733

WITH OTHERS

Kalidro's many shapes and configuration options allow you to organise your workspace according to the needs of your team.

Castors on the legs take away the hard work when you need to reshuffle for impromptu meetings throughout the day.

16-0057565

CALL CENTRE

Kalidro's versatility also allows you to plan a private space using screens. It's an easy way to create a separate zone for individual acoustics such as manning a call centre.

16-0057552

Cable management that works for you

Cable management is important. A wire-free workstation not only creates more space, it improves your productivity so nothing gets in the way of your workflow. That’s why no matter what you ask of cable management, Kalidro has the answer.

Kalidro provides also convenient access to power at desk level, which means you don’t have to search around or bend down to get connected.

16-0057561

Simple cable carriers under desktop for minimal cable needs.

16-0057542

Cable outlet large, only in conjunction with cable tray.

16-0057535

Cable tray for heavy cable needs.

16-0058072

Cable outlet small.

16-0057539

Cable clips, translucent plastic, attached to leg to run wires to the ground.

16-0058526

Integrated top access.

SUSTAINABILITY

DESIGNING FOR THE ENVIRONMENT REQUIRES INNOVATIVE THINKING AND SOLUTIONS.

LIFE CYCLE ASSESSMENT

During our products development process we consider each stage of the life cycle: from materials extraction, production, transport, use and reuse, until the end of its life.

Thanks to the Life Cycle Assessment (LCA) method, Steelcase quantified Kalidro environmental impacts to set the stage for further improvements.

This method, based on ISO 14040 and 14044 and selected by The European Union for environmental evaluation, allows us to quantify the environmental impact of our products throughout their whole lifecycle.

CERTIFICATIONS

To show continuous improvements, we communicate Kalidro environmental performance through voluntary environmental labels and declarations. Sustainability related actions and results are communicated in the annual Steelcase Corporate Responsibility report.

MATERIALS

34% recycled materials, by weight.
Wood from European sustainably managed forests.
Low formaldehyde emissions of wood based panels according to ISO 16000 (<20µg/m3).
55% recycled cardboard packaging that uses water-based inks without solvents.
Product is PVC-free.

PRODUCTION

Made by Steelcase in Rosenheim (Germany).
Uses powder-coat paints: VOC-free and free of heavy metals.

TRANSPORT

Made in Europe, close to customers.
Minimised packaging to keep transport volumes as low as possible and improve filling rates.

USE

Designed for a long product life, with replaceable parts.
Materials meet stringent health and indoor air quality criteria.
Maintenance information available upon request.

END OF LIFE

99% theoretically recyclable by weight.
100% theoretically recyclable cardboard and LDPE film for packaging.
Quick and easy disassembly.
Plastic parts clearly labelled for easy sorting and effective recycling.
Designed to ensure responsible end of use strategies - refurbishing, charitable donation or recycling.

PRODUCT

EPD - Environmental Product Declaration

Blauer Engel

MATERIALS

PEFC - Programme for the Endorsement of Forest Certification

E1 - Low concentration of formaldehyde in wood

PLANTS

ISO 14001 - Environmental management system

EMAS - European Eco-Management and Audit Scheme
