IN BETWEEN TABLE SK3

BY SAMI KALLIO
2014

The In Between chair was the first chair to be added to the &tradition stable of furniture and Kallio has reinterpreted certain aspects of the chair in the creation of the table. The curvature of the circular table is for example reminiscent of the negative space in the form of the chair's back rest. Similarly the angles of the legs of the table reflect the angles of the chair legs.

The table legs were created using woodturning, a traditional technique that uses a lathe to shape wood. For &tradition a connection to the past is an essential component for any item in the collection. "Wood turning is a result of my love for Scandinavian heritage and traditional wood crafting," says Kallio, "there is a satisfaction that comes from using old techniques."

The materials used for the table further solidify a link to the past. The solid oak used is a sturdy, reliable wood that is steeped in Scandinavian heritage. "Oak is a good long-lasting material that people can easily relate to," says Kallio.

Although some of the manufacturing processes are traditional, the table still comes disassembled as a flatpack, addressing ease of transport in a modern world.

Furthermore, the shape of the table has been chosen to address issues within modern interiors. Its round shape means it must be brought away from walls, therefore taking an active role in any room. The circular form of the table also means that interaction when sat at the table is a more intimate and egalitarian affair.

Product type	Dinning table.
Production Process	The In Between table is built from solid oak and treated with either lacquer or oil.
Environment	Indoor.
Dimensions (cm / in)	Ø: 90cm/35.4in, H: 73cm/28.7in. (The table also comes in Ø: 120cm)
Weight (kg)	20kg.
Materials	Solid oak.
Colours	White oiled oak. Smoked oiled oak. Black stained oak (RAL 9005).
Cleaning Instructions	Please download our Material Care & Cleaning Instructions through www.andtradition.com
Package Dimensions (cm / in)	H: 8.0cm/3.1in x W: 95.0cm/37.4in x D: 95.0cm/37.4in.

IN BETWEEN TABLE

BY SAMI KALLIO
2015

In a desire to design a table that blends into a space without taking up much space, Sami Kallio created the In Between Table. A partner to his In Between Chair, the legs of the table echo the same angle as the front legs of the chair. At the same time, the table's slim silhouette and absence of ornamentation make it an ideal match for any chair – in any setting.

The In Between Table is a mix of traditional wood craftsmanship, involving compression moulding and woodturning, together with innovative veneer techniques. As such, it is an homage to Kallio's Nordic heritage and training in woodmaking, as well as his modern, Scandinavian sense of simplicity.

As part of his "Between Gaps" series, Kallio set out to explore the correlation between an object and its surrounds. Exploring the interplay between positive and negative space. "My concept started from the outside inwards," explains Kallio. "The table has no negative spaces, but it can be paired with any chair, in any timeframe in any space."

"Kallio's In Between Table is a stunning example of impeccable hand craftsmanship with natural materials, which we are proud to reflect in our stable of products," says &tradition Brand Manager Martin Kornbek Hansen. "Kallio's blending of both classic and contemporary techniques is something we truly value at &tradition. Along with his uncanny ability to design an object so simple, it exudes beauty."

Product type Dining table.

Production Process The table top is made from a high quality MDF board with oak veneer on the top and edges. The legs are made of solid wood involving a woodturning technique using a lathe to create the conical shape. Wood blocks are used to attach the legs to the table top make it more stable when mounted.

Environment Indoor.

Dimensions (cm / in) SK5: H: 73cm/28.7in x D: 90cm/35.4in x L: 200cm/78.7in
SK6: H: 73cm/28.7in x D: 100cm/39.4in x L: 250cm/98.4in
Custom sizes available upon request

Weight (kg) SK5: 47.0kg.
SK6: 55.0kg.

Materials Oak and oak veneer.

Colours Clear lacquered oak, Smoked stained oak, Black stained oak (RAL 9005)
Also available with laminate, nano laminate and linoleum table top upon request

Certifications The In Between table is tested for strength, durability and safety according to EN 15373 Level 2 - General contract use.

"Kallio's blending of both classic and contemporary techniques is something we truly value at &tradition. Along with his uncanny ability to design an object so simple, it exudes beauty."

Product type	Dining table.
Production Process	The table surface is made of solid wood planks, which are planed and glued together. The wood is carefully selected for its patterns and veining to create a homogeneous surface. The legs are made of solid wood involving a woodturning technique using a lathe to create the conical shape. Wood blocks are used to attach the legs to the table to make it more stable when mounted.
Environment	Indoor.
Dimensions (cm / in)	D: 250cm / 98.4in, W: 100cm / 39.4in, H: 74cm / 29in
Weight (kg)	55.0kg.
Materials	Solid oak & oak veneer
Colours	Clear lacquered oak, Smoked stained oak, Black stained oak.
Certifications	The In Between table is tested for strength, durability and safety according to EN 15373 Level 2 - General contract use.
Cleaning Instructions	Clean with soft dry cloth.
Package Dimensions (cm / in)	H: 9.0cm x W: 110.0cm x D: 260.0 cm.
