MASS LIGHT CHANDELIER^{NA6}

BY **NORM.ARCHITECTS**
2012

When traveling cities such as Paris, Barcelona and New York, Norm.Architects Kasper Rønn and Jonas Bjerre-Poulsen were fascinated by the street lamps; the characteristic cast iron top - looking a bit like a hat - with a semi transparent glass sphere at the base. Back in the studio Kasper and Jonas detached the street lamp from its original use and transferred the shape and combination of materials in order to design an outstanding, indoor pendant - the Mass Light. The pendant was first launched in brown marble and glass as the two architects were keen on creating a lamp made from natural stone, which can withstand everyday use. The unusual use of solid marble for a lamp gives an exceptional sense of quality and durability. Later, two other quality materials were added to the range in the form of copper and brass.

& the shape of Mass Light is bold, strong and masculine. Yet feminine curves soften the expression. The well-known shape lets you focus on the beauty of the materials, its aesthetic structures and colors.

Photometric data file (LDT or IES) available upon request.

Product type	Chandelier.
Production Process	The body of the pendant is made from milled and polished marble or spun & polished metal (brass or copper). The brass and copper versions are polished but not lacquered so the metal will darken and patinize over time. The glass shade is made from mouth-blown and acid-etched opal glass.
Environment	Indoor.
Dimensions (cm / in)	Ø: 12.6cm/5in, H: 18.3cm/7.2in.
Weight (kg)	8.00 kg.
Materials	Marble or metal, white acid-etched opal glass, 4 meter black fabric cord.
Colours	Brass. Copper. Marble.
Voltage (V)	220-240V - 50Hz.
Light source & Energi efficiency class	G9 Max 40 Watt. The luminaire is compatible with bulbs of the energy classes: B - E. The luminaire is sold with a bulb of the energy class: E
Certifications	CE, IP20.
Canopy	Included.
Cord lenght / diameter (cm / in)	400cm/157.5in.
Cleaning Instructions	Clean with soft dry cloth. Always switch off the electricity supply before cleaning.
Package Dimensions (cm / in)	H: 35.0cm/13.8in x W: 20.0cm/7.9in x D: 18.5cm/7.3in.
