Softline

I arbetsmiljöer med hög ljudbelastning ger Softline högsta möjliga ljud-absorption över hela sin yta.
Skärmen passar t ex utmärkt i öppna kontorslandskap, då det finns möjlighet att skapa små avskilda platser.

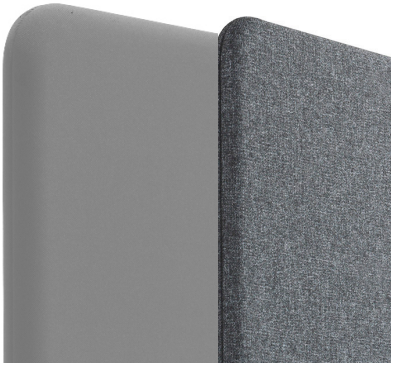
In high-noise working areas, Softline gives a high level of sound absorbtion on total screen surface.
The screen is suitable for open office landscapes - with these you have the possibility to create smaller, separated work spaces.

Softline är enkla stilrena skärmar där tyget avgör uttrycket. Stort urval av tyger!

Softline is simple stylish screen where the fabric determines the expression. Large selection of fabrics!

Bordskärmen finns i flera varianter; monterad över bordskant alt. nedhängande samt mobil, fristående skärm.

The screen is available in several performances: attached over the desk, modesty panel or as a mobile, free-standing screen.



Golvskärmen finns i två olika tjocklekar: 30 och 50 mm.

The floor screen is available in two different thicknesses: 30 and 50 mm.

Kopplingar och väggbeslag/Connectors and wall fittings

För att koppla ihop skärmar behövs två 40 mm kopplingar till varje skarv, en upptill och en nedtill. För att fästa en skärm i väggen används väggfästen och 3-vägskopplingar.

Two 40 mm connectors one at top and one at the bottom are used to connect two screens. Wall brackets and 3-way connectors are used to connect screens to a wall.

Absorption Attenuation

Softline 30

Den tidlösa klassikern Softline finns nu i en lite tunnare variant; Softline 30. Den tunnare karaktären ger ett nättare intryck utan att förlora den avskärmande effekten.

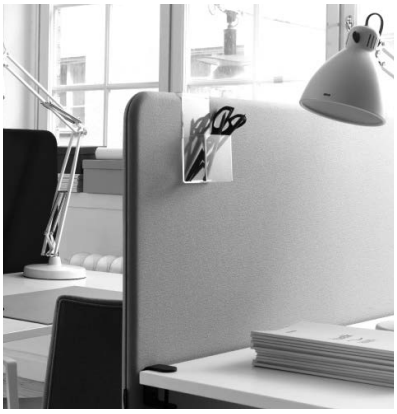
The timeless classic Softline is now available in a thinner version: Softline 30. The new look conveys a neater impression, without detracting from the screening effect.

Trots att den är tunnare, klarar skärmen av att absorbera ljud för att skapa ett bra ljudlandskap.

Although it's thinner, the screen can still absorb sound to create a good soundscape.

Spännande eller diskreta skärmkombinationer skapas genom valet av färg och textil. Två nya, prisvärda standardtyger presenteras: Dox och Salsa.

Create lively or discreet screen combinations using a choice of colours and fabrics. Two new, affordable standard fabrics are being presented: Dox and Salsa.



Skärmen består av ljudabsorberande fyllning som är monterad inuti en massiv träram.

The screen consists of a sound-absorbent filling mounted inside a solid wood frame.

The screen is optimised in several ways to create the best possible value for the user.

Ben & bordsbeslag /Legs and table fittings

För att förenkla för dig som kund, ingår alltid de ben som behövs för att kunna använda golvskärmen som fristående alternativt sammankopplad. Benen är svarta och ökar skärmhöjden med 50 mm. Kopplingsbeslag möjliggör att sammansätta flera golvskärmar efter varandra eller i vinkel. Till varje bordsskärm ingår svarta bordsbeslag.

To simplify for our customers, the legs are now included with the screen. We include all legs needed to provide a single floor screen alternatively a connecting floor screen. It's all included in the same package. The legs are black and they increases the screen height with 50 mm. Connectors make it possible to link multiple floor screens in a row or at an angle. Black table fittings are included with each table screen.
