

flexus - 912

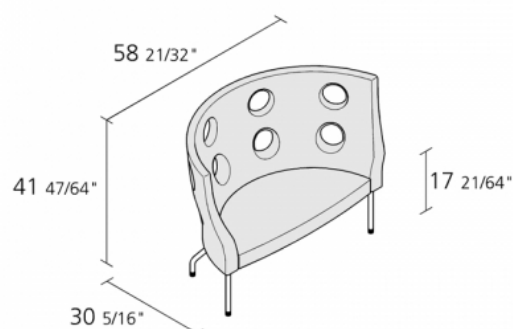

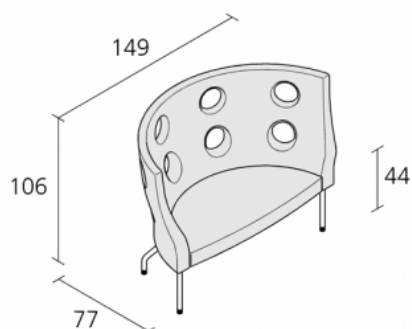

Two-seater sofa with holes and high back. Structure in CFC free expanded polyurethane with steel inlay. Cover in "elastico" fabric or "tecnofar"; seat with removable cover and legs in stove enamelled or chromed steel.

These upholstered pieces feature a high back, characterised by round holes that make the seat look lighter and ideally suited to feature as the centrepiece of a room. Of special interest are the proportions of the seat, offering the comfort of an upholstered armchair but with the height of an ordinary chair. The armchair and two or three-seater sofa have steel legs and upholstery in "elastico" fabric available in a wide range of colours. The fabric cover of the seat can be removed.
