## CARE INSTRUCTIONS ALUMI COMBI

### Whiteboard

Remove any protective film from the whiteboard and clean the surface properly before first use. Ordinary used whiteboards should then be cleaned a couple of times per week. The whiteboard must be absolutely dry when used. Only use pens intended for whiteboards. Replace the felt on the eraser on a regular basis.

Clean the whiteboard as follows

- Wipe clean with approved cleaning fluid intended for whiteboards.
- Then wash away residual cleaning fluid with only lukewarm water.
- Dry with a cloth.

Slightly used boards can be washed with only lukewarm water. Dry with a cloth.

Note: Avoid cleaners not intended for whiteboards (e.g. soap or detergent) since remains can degrade eraser ability.

### Upholstery

To preserve color and appearance the fabric should be vacuumed regularly with a soft nozzle. Stain

Removal: Dab or wipe gently with a moist cloth.

## ABOUT ABSTRACTA
