LAGUNITAS LOUNGE SYSTEM

Toan Nguyen

coalesse®

Destination.

The new workplace includes a range of inviting spaces that free us to express ourselves. Whether joining forces or concentrating alone, we seek destinations that will support our creativity with comfort and soul. Lagunitas creates a soft landing. Build unique work settings with a single lounge system of seating, screens, tables, and power elements.

Social and collaborative.

As people become more mobile and social in their work together, companies are drawing on the communal cultures of cafes and lounges to create relaxed places for longer conversations and informal gatherings. Lagunitas provides an alternative setting for the friendly connection that can lead to focused collaboration, away from the traditional conference room.

Posture perfect.

Once the meeting ends, participants don't have to change locations to shift to the next phase of work. An articulating back cushion easily changes position to provide adjustable lumbar support for different postures. Lean back for casual work; lean forward towards a table for longer periods of productivity.

Carved-out storage and built-in power support the transformation from a lounge into a work setting.

Space-defining.

Working solo or in the company of others, a little privacy can do a lot of good. Lagunitas creates an intimate space within a public room. Tall panels, in knit or fabric, keep the thinking in and distractions out.

A touch-down destination for focused work. Lagunitas Focus Nook optimizes space within the open plan, while allowing users to stay centered and free from distraction.

Collection.

From the conventional to the casual, Lagunitas adapts to changing workstyles and shifting work postures.

Power
Power modules support the lounge, chaise and bench.

Bench
Offered in 1, 2 and 3-seat configurations, the bench is the foundational element for any Lagunitas application.

Lagunitas Bench

Screen
High or low, the screen adds varying degrees of privacy. Available in fabric or knit.

Lagunitas 3-Seat Lounge with Personal Table

Articulating Back Cushion with Handles
Shifting between focused and informal work modes is as simple as lifting a handle, built into every articulating back cushion.

Comfort is Designed to Increase Over Time
Comfort wrinkles are a natural and intentional characteristic of large upholstered products to enhance comfort over time. Smooth the cushion fabric with your hands to minimize the visual appearance, as needed.

Lagunitas 3-Seat Chaise and 2-Seat Lounge

Materiality
Select from a range of knit, fabric and two-tone options to make a statement or blend right in.

Lagunitas 3-Seat Chaise

Lagunitas Work Tables
26\"H lounge height compatible with Lagunitas Lounge, Chaise and Bench. 28.5\"H standard height compatible with Colesse standard height seating.

PowerPod
Compatibility converts a table into a charging station.

Lagunitas Enclosed Booth with Booth Connector Screen, 26\"H Work Table and PowerPod

Wire Management
Light grommet conveniently routes on-surface light to power source.

Power
Power modules are available for easy access to power in a variety of configurations and colors.
