

Caboche, ceiling design Patricia Urquiola + Eliana Gerotto 2005

FOSCARINI

Rich, bright and sophisticated, the Caboche lamp is a mosaic of refractions, a perfect fusion of different personalities in the one form, coming together to create the body and light effect of the lamp. When it is turned on, the light diffuses from inside the spheres like lots of bright crystals, lighting the surrounding environment. Caboche ceiling lamp is a jewel of creativity and technology, available in two versions: transparent and yellow gold.

The lamp is the perfect protagonist for homes or public areas, uniting visual impact with lightness, decorative value and functionality.

Caboche, ceiling designer+collection

FOSCARINI

Patricia Urquiola

Born in Orviedo (Spain), Patricia Urquiola studied in Madrid and graduated at Politecnico di Milano with Achille Castiglioni as a tutor. From 1990 to 2000 she collaborated with De Padova and Lissoni Associati. In 2001 she started her own design studio, through which he has collaborated with many brands at an international level.

Eliana Gerotto

Eliana Gerotto was born in Venice. She started her career in Milan as a graphic designer. She got her degree in Communication Techniques at Fondazione Davide Campari in Milan. She worked in various fields as graphic, industrial designer, set curator and interior decorator.

Caboche Collection

Caboche, table design Patricia Urquiola + Eliana Gerotto 2005

FOSCARINI

Rich, bright and sophisticated, the Caboche lamp is a mosaic of refractions, a perfect fusion of different personalities in the one form, coming together to create the body and light effect of the lamp. When it is turned on, the light diffuses from inside the spheres like lots of bright crystals, providing 360° lighting of the surrounding environment and guaranteeing an illuminated underlying surface. Caboche table is a small jewel of creativity and technology, available in two sizes and two versions: transparent and yellow gold.

The original design of the stem is created by the three supports that join together to form the round base, recalling the spherical form of the diffuser, and thus guaranteeing a combination of coherence, originality and lightness. Caboche is the perfect protagonist for homes or public areas, uniting visual impact with lightness, decorative value and functionality.

Caboche, table technical info

FOSCARINI

Description:

Table or floor lamp with diffused and direct light. Satin finish blown glass internal diffuser, satin finish opaline glass lower screen. External diffuser consisting of a crown of polycarbonate arches secured to a chromed metal mount and PMMA spheres. Base and rods in powder coated die cast aluminium. The transparent cable is fitted with the dimmer, for the gradual adjustment of brightness.

Materials: polymethylmethacrylate blown glass and white lacquered metal

Colours: trasparente, giallo oro

Caboche, suspension design Patricia Urquiola + Eliana Gerotto 2005

FOSCARINI

Rich, bright and sophisticated, the Caboche lamp is a mosaic of refractions, a perfect fusion of different personalities in the one form, coming together to create the body and light effect of the lamp. When it is turned on, the light diffuses from inside the spheres like lots of bright crystals, providing 360° lighting of the surrounding environment and guaranteeing direct lighting on the underlying surface and reflection on the ceiling.

Caboche suspension lamp is a jewel of creativity and technology, available in three sizes and two versions: transparent and yellow gold. The lamp is the perfect protagonist for homes or public areas, uniting visual impact with lightness, decorative value and functionality.

Caboche, suspension technical info

FOSCARINI

Description

Suspension lamp with diffused light. Acid-etched finish blown glass internal diffuser, satin finish opaline glass lower screen. In the small version, single acid-etched finish blown glass internal diffuser. External diffuser consisting of a crown of polycarbonate arches secured to a chromed metal mount and PMMA spheres. Fitted with three stainless steel suspension cables for the medium and large versions, one for the small version, and transparent electrical cable.
