Allegretto brings all the wonderful theatricality and magical harmony of the Allegro project to the home and to contract spaces, with proportions and volumes designed on a smaller space. An entire family of hanging lamps that take on their shape thanks to the force of gravity, created with metal lines that design the light and emit sounds when they touch. The collection name is inspired exactly to this “musicality”. There are three versions, according to the finish of the metal elements, to express three different styles: Allegretto Ritmico in black, Allegretto Vivace in

brown and Allegretto Assai in gold. Allegretto lamps can be used as the visual centre of an environment, instead of a traditional ceiling lamp, or to complement the larger Allegro models in a project that is coherent in its concept and realisation and free to be customised.

# Allegretto, suspension technical info

## Description

Suspension lamp with diffused, direct and indirect light. The lamp consists of a chromed metal frame and epoxy powder coated full aluminium rebar rods. The rods are anchored to the mount using small metal rings. Fitted with three stainless steel suspension cables and a transparent electrical cable. Ceiling rose with galvanised metal bracket and glossy chromed batch-dyed ABS cover. Canopy decentralization kit available.

**Materials** lacquered metal

**Colors** Ritmico black, Vivace brown, Assai gold

## Model

### Allegretto Ritmico

#### Weight

net kg: 5,10  
gross kg: 9,20

#### Packaging

vol. m3: 0,143  
n. boxes: 2

#### Bulbs

halogen 2X100W E27 PAR 30 30°

LED compatible

#### Certifications

#### Energy Class

A+ A B C

### Allegretto Vivace

#### Weight

net kg: 9,10  
gross kg: 13,80

#### Packaging

vol. m3: 0,165  
n. boxes: 2

#### Bulbs

halogen 2X100W E27 PAR 30 30°

LED compatible

#### Certifications

#### Energy Class

A+ A B C

### Allegretto Assai

#### Weight

net kg: 11,30  
gross kg: 18,00

#### Packaging

vol. m3: 0,236  
n. boxes: 2

#### Bulbs

halogen 2X100W E27 PAR 30 30°

LED compatible

#### Certifications

#### Energy Class

A+ A B C

## Atelier Oi

The tr(o)ika was founded by Aurel Aebi, Armand Louis and Patrick Reymond in La Neuveville, Switzerland, in 1991 under the label Atelier Oi. The main elements that characterise the atelier's philosophy and work consist of its multidisciplinary nature. Orders come from the fields of architecture, design and scenography, and, most frequently, from between these different disciplines. Invited to various design schools in Switzerland and abroad, they hold a teaching position in the design department of Ecal (University of Art and Design Lausanne, Switzerland).
