

Convincing in Every Regard. fina flex – universal perfection.

Each seminar and conference calls for its very own seating arrangement. The timelessly beautiful series fina flex offers a great variety of table configurations and thus always the right solution. For this, frames and table tops can quickly and easily be combined and rearranged, depending on the respective design concept and the amount of space needed. All the while, the clear, reduced design guarantees that fina flex stays a visual entity at all times.

De Projectinrichter

Two table tops, one leg: the connecting element of one table leg takes both tops, solidly locking each with the other. When locked, the fingers of the connective elements hook into the metal plates set into the table tops. Thanks to the patented mechanism, two table tops may be connected or separated without any tools.

Optional modesty panel: the panels (height 40 cm) are mounted and locked shock-proof in an instant, without having to use any tools. The surfaces can be selected to match the table tops.

Cable lids and ducts make electrification practically invisible.

Vertical cable duct: magnetic aluminium profiles guide the cables along the table leg.

Thanks to bevelled CRKL edges, the lightweight table top appears to be even more delicate.

Horizontal cable duct: cable channels mounted underneath the table top will accommodate even larger cable amounts. They can be taken off or folded in without any tools.

Transport and storage trolleys for legs, table tops and cable ducts facilitate and speed up rearranging the tables and getting them ready for storage.

Open to all sides: thanks to the innovative cable lid, cables can be guided outwards to both sides.

Variety is the Watchword.

fina flex makes everything possible.

The modular and comprehensive system allows to design a great variety of table configurations – regardless of the number of participants and the size of the room. For that, the system offers a comprehensive variety of table tops featuring different edge variants in different shapes and sizes. But regardless of the respective configuration – fina flex always stays light and elegant.

Where People Like to Meet.

fina conference has a new stand-up table.

This high-quality stand-up table is the logical extension to the many possibilities offered by the fina conference table programme. It offers an ideal spot to hold short meetings while standing. This fosters communication at work while improving workplace ergonomics at the same time. Thanks to a choice of several frames, table tops or special formats, this stand-up table is always ready to give the right answer to the most diverse spatial requirements. With fina conference, it goes without saying that there are optimum ways for media integration already in place. As a complement to this table, there are the bar stools, or – for top seating comfort – matching fina bar stools with their ergonomically shaped wooden seat shell mounted onto a stable 4-legged steel tube frame.

The Exclusive Alternative.

finasoft cantilever chair with wide arm-rests.

The wide, very comfortable and representative arm-rest with its elliptic section makes this high-quality conference chair stand out among its peers, the various finasoft cantilever chairs. The chromed arm-rest end cap lends the perfect finishing touch to this elegant chair, upholstered with premium leather.
