## NERD BAR STOOL FURNITURE / LIGHTING / ACCESSORIES

**David Geckeler on the design** "The Danish simplicity and the iconic expression are combined with a classic perception of a solid bar stool. The shape of Nerd barstool invites the user to sit on the stool from several angles, helped by the soft, curvy plywood shell. The low backrest of the bar stool gives a pleasant support and comfort."

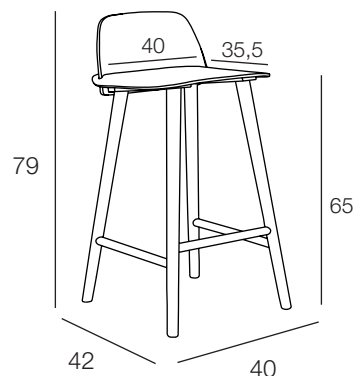

PROCESS	Veneer is form-pressed into shape for the back and seat, and then glued together with the solid wood legs. Then lacquered.

## NERD CHAIR FURNITURE / LIGHTING / ACCESSORIES

**David Geckeler on the design** "Through an innovative integration between seat and back and precise detailing, Nerd has a strong personality and a very iconic character. While the appearance of Nerd is unique, the overall expression, material and craftsmanship all have references to classic Scandinavian design values. I am really happy with the result; a chair that stands out as a very personal and distinct interpretation of an all-wood chair."

PROCESS	Veneer is form-pressed into shape for the back and seat, and then glued together with the solid wood legs. Then lacquered.
