

COSY IN GREY LAMP

FURNITURE / LIGHTING / ACCESSORIES

HARRI KOSKINEN ON THE DESIGN "The basic idea was to create a lamp series with space atmosphere. I put my trust in the natural material of glass, in its beauty and its changing reflections. The lamp series consists of a white and grey version that both, and in their own way, bring forward the beauty of electrical light. The lamps are at their best in the late evening, creating a cosy mood around them."
