MAGNUS OLESEN A/S BY BUSK+HERTZOG

# PAUSE

”Behind every product lies a story. Sometimes it’s obvious and can be read in the visual appearance of the product, and sometimes it is subtle and to be found in the **detail**. But the story is always there”

BUSK + HERTZOG

Magnus Olesen A/S is a Danish furniture company. For more than 75 years, Magnus Olesen has manufactured design furniture for Danish homes, public institutions, airports and corporate companies.

Magnus Olesen works with the best Danish furniture designers and has its own production in Denmark, based upon expert craftsmanship and competence.

# QUALITY

The basis of our production is the use of sustainable products, high quality materials, and durability. Whenever possible, we use PEFC (Programme for the Endorsement of Forest Certification) - and FSC (Forest Stewardship Council) -certified wood, and our lacquer is free from formaldehyde. All products are tested by DTI (the Danish Institute of Technology) to the highest test level.

# PRATSE

Pause - a functional series of light tables and chairs, suiting perfectly canteens or conference rooms. The seat and back of the chair are moulded veneer with upholstery, with laminate or with linoleum which is anti-bacterial and sound-absorbing. The material's slim lines combined with the light construction, ensures a light-weight chair, which is easily stacked or placed in rows for conference use. The Pause chair is available with and without arms.

Suspension brackets, linking device, trolley and writing tablet are all available as accessories for the chair. The Pause series also contains a light bar chair in two heights as well as a table series, characterised by a light and simple design. The Pause tables are sturdy square, rectangular and circular tables, easy to clean and easy to move. The slim table top may be in compact laminate or in plywood with laminate.

#### **Frame**

Tubular steel – bright chrome or powder coated.

#### **Seat and back**

Moulded veneer with laminate, linoleum or upholstery.

A company or institute logo can be placed on both seat and back.

#### **Arms**

Black PUR rubber.

#### **Upholstery**

Back and seat surface upholstered or fully upholstered with fabric or leather on fire-retardant CMHR polyurethane foam. The leather version is also available with stitchings in contrast colours.

#### **Accessories**

Tables with compact laminate with black core, or plywood with laminate - table top thickness 12mm. The tables are delivered with adjustable feet. Suspension bracket, trolley and linking device for chairs.
