

WALLSTIX

WALLSTIX @ FEEK are "not for your eyes only", these visual attractive decoration wall panels are performers in noise control and contribute to better acoustics.

WALLSTIX are made with FEEK COATED FOAM techniques and designed to help control disturbing reflections of environmental sounds. They are the ideal solution for both home and public environments like offices, hotels, shops, restaurants, libraries, etc.

WALLSTIX are available in different standard sizes from Small to XL or tailor made to any project. **WALLSTIX** are tested by PEUTZ, Dutch Testing and Research Institute for Acoustics.

WALLSTIX are available in "COATED FOAM" in any RAL SIKKENS and NCS color. We can also do the foam only / "NAKED **WALLSTIX**".

WALLSTIX designs can also be tailor made for your project!, any size is available, different patterns, different heights and even your design is possible.
