A new light on work

From activity-based working
to people-based working

Prooff

prooff.com

Prooff

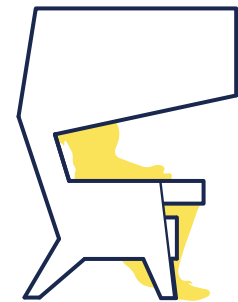

We are Prooff, nice to meet you.

At Prooff, we develop innovative products for people in the public domain and the progressive office. Collaborating closely with designers, (interior)architects, scientists, and strategists, we devise solutions to meet the ever-changing needs of employees all over the world. We believe that when giving the right tools, people can create their very best work. That is what we call **people-based working**.

Prooff

The Prooff collection

The modular and multifunctional furniture concepts of Prooff champion health and well-being, encourage collaboration and enhance efficiency in the workspace. All products are designed and manufactured in the Netherlands and Belgium. All models are available for customization to fit and enhance your workspace at its fullest potential.

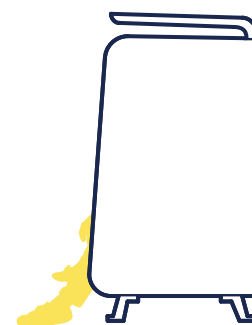

EarChair

Design by Jurgen Bey, Studio Makkink & Bey

Championing listening & concentration

Ideal place for a meeting or a quick chat. The EarChair offers 13dB acoustic absorption.

Available in 10 options with large, medium and small ears on the left or right side.

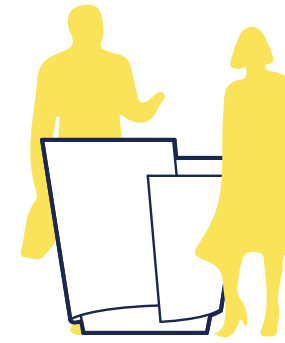

Niche

Design by AXIA Design

Fostering close connection

Alternative to a closed-off meeting room to stimulate collaboration.

Dimmable LED lights in roof, black socket box, and upholstered armrest with tablet available.

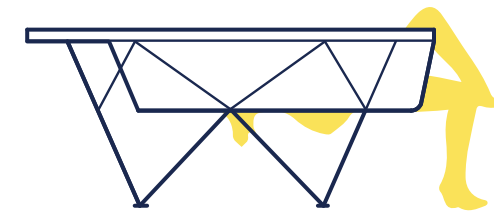

StandTable

Design by Ben van Berkel, UNStudio

Stimulating productivity through movement

Individual working, scrum meetings and short discussions. It is a beacon of collaboration for every office.

Various colour combinations and an USB-port charger available.

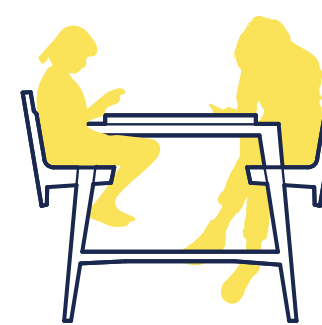

SitTable

Design by Ben van Berkel, UNStudio

Breaking free from conventions

Enables various modes of work, from co-working or individual working. The alternative to a regular table.

Available in two different designs with 1 or 2 seats in the table.

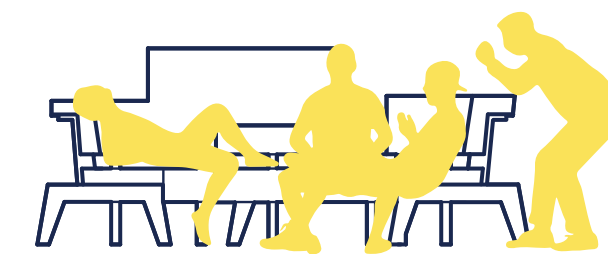

JoinTable

Design by Bert Masselus, Mass-a

Inspiring flexibility at work

Meetings and workspaces for several people that foster conversations in an informal way.

Sitting and standing in one solution. Available as 4- and 2-seater for indoor/outdoor. Add a socket box with USB charger.

WorkSofa

Design by Studio Makkink & Bey

Facilitating dialogue and discussion

A communal meeting point in the office for dialogues and discussions.

Choose between 6 WorkSofa elements with different heights.

OffSize

Design by Léon de Lange

Accommodating surprise encounters

Perfect for impromptu meetings and random encounters. Helps foster collaboration.

Available in three elements: sitting, standing and lounging.

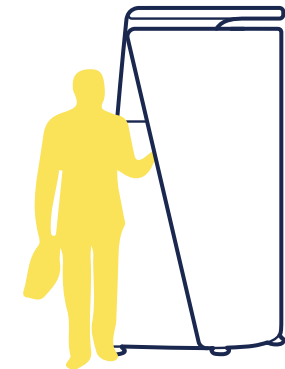

SideSeat

Design by Studio Makkink & Bey

Encouraging ownership of work

A compact workstation for everyday use. This dynamic piece shapes any workspace.

Choose between a table on the right or left side.

StandAlone

Design by AXIA Design

Escaping work for a moment

Place for focus and concentration for individual working. Providing a sense of privacy.

With integrated LED light. Add an USB-port charger.

PhoneBox

Design by AXIA Design

Welcoming privacy in the workspace

The PhoneBox provides a sense of privacy in the office and offers 5dB acoustic absorption.

Available in 6 options with symmetric or assymetric sides, with or without tablet.

BeBetween

Design by Studio Makkink & Bey

Stimulating the growth of ideas

A multifunctional workstation that adds a playful element to any space and encourages engagement.

Available in 3 different elements that can be combined in a horizontal or vertical position or as separate elements.
